Pre-summer comms plan · Week of 26 October

REPAIR HVAC SERVICES
Prepared by Luke McGrath, Latitude Marketing

3 Feed posts on Instagram and Facebook	**2** Google Business updates	**1** Story day	**1** Message: service before summer

	MON 26	TUE 27	WED 28	THU 29	FRI 30	SAT 31
SOCIAL	IG · FB · POST **Service Before Summer** What a pre-summer service covers: filters and coils cleaned, drainage checked, system tested.		IG · FB · CAROUSEL **Split or Ducted?** How each one works, what suits which home, and what to ask before you choose.		IG · FB · POST **On the Job** A real job photo from the week, with Zac or Jack on site.	
STORIES				IG STORIES **How Often to Service?** Quick answer: once a year, before summer. Question box for anything else.		
GOOGLE	GOOGLE · UPDATE **Book a Pre-Summer Service** Same message as Monday's post, with a Book button.				GOOGLE · PHOTOS **This Week's Work** Job photos added to the profile gallery.	

HOW IT WORKS TOGETHER

Summer is when systems fail and wait times blow out. The whole week pushes one message: service now, before the first heatwave. Google keeps it in front of people searching locally, and Friday's job photo shows the owners doing the work.

CAPTIONS

Instagram: short, ends with "Visit our website". Facebook and Google: add Greater Sydney, after hours and weekend appointments, and repairhvacs.com.au.

RESULTS

Reach, website clicks, calls and direction requests from Google, reported once the week wraps up.
